| Physics | | 7408A | without practical endorsement £390 each |
| Biology | | 7402 | |
| Chemistry | | 7405 | |

**Practical Endorsement information**

For A level **Biology**, **Chemistry** and **Physics** applications, you will only be able to sit the **WRITTEN** papers at Southfields Academy, provided you can show us a Statement of Results and/or an official certificate confirming a practical endorsement PASS from a previous exam series. If you have decided to opt out of the practical endorsement (meaning you will receive a "not classified" in the practical endorsement which will appear on your certificate), please discuss this with the Southfields Academy Examinations Officer before submitting your application form.

Applications for **English Literature** and **English Language** will only be considered from private candidates who have already received a grade in the subject, and who want to retake the written papers carrying forward their Non Examination Assessment (NEA) from a previous exam series. A valid Statement of Results, confirming that a mark for the NEA has been awarded in a previous session will need to be shown to us.
