Year 8 – Ms Lindau

We welcomed the new Year 8s back and have been very impressed by the quality of their summer homework and their enthusiasm at being back in school. They are also taking an active role in welcoming the new Year 7s into the building and helping them find their way around. Additionally some of them are providing their insights to tour groups on open mornings. This year will bring many big changes, including choosing their GCSE options. They will also be participating in subject based field trips and a variety of programs brought into the school, including the return of Zoolab, one of their favourite activities! We will keep you posted as these develop.

We have also been happy to see that students are ready for school; they are in perfect uniform and have all of their equipment. We will continue to emphasise reading every day and are working with them to ensure that they are actively using their diaries. Please can you check their diaries a minimum of once per week to support us from home. We are excited about this year and know that the students are as well. Please don't hesitate to contact us with any questions or concerns.

Capability Brown Festival – Sunday 9th September 2018

A number of our music students were top of the bill at a festival to celebrate Wimbledon Park in Southfields over the weekend. The Southfields Musical Collective performed a variety of material at the Wimbledon Club as part of the Capability Brown Festival Weekend. The sun shone, the setting was idyllic and the students rose to the occasion to give an outstanding performance. One of the organisers commented “The students were absolutely amazing - talented, committed, versatile and so professional - truly wonderful. You have created a real gem there.” It was a great experience for the students and hugely enjoyed by the audience.

COMMUNICATION

Knowing how to talk to your teen can be tough. How can you talk, seriously to them about the issues affecting them without them getting upset or angry?

ARGUMENTS

Teens answering back or arguing is a natural part of them growing up, but when the arguments start to cause you a lot of concern or distress it's time to find a way to talk.

Year 12 Egg Drop

Southfields welcomed 250 Year 12 students to the Academy this morning. With a lovely mix of students from Year 11 and new students from other schools, the cohort took part in a range of ice breaking and team building exercises.

The most popular was the 'egg drop' where students had to construct some sort of safety device to prevent a raw egg being smashed when dropped from a height, using only sellotape and paper.

Some teams were successful but unfortunately the majority were not!
